RUNAWAY CAR—Two small children were uninjured this week when the parked car in which they were sitting broke loose, rolled down a hill on Sunset Ave. in San Carlos, and crashed through a fence, and just missed a house. The car belonged to Dr. Joseph M. Maloney, 1613 San Carlos Ave., who had parked it before going on a call. Police said that Maloney's two children, Terrance, 2, and Sharon, 4, who were left in the car, probably had knocked the brake loose somehow. Damage to the car was limited to a front fender and bumper. The car knocked down a small tree before crashing through the fence. Sgt. James Edling inspects the damage.

Memorial Day Observance Planned Here

Henry B. Butcher, chairman of the Veterans' Coordinating Council, today announced plans for Redwood City's traditional Memorial Day observance.

Speaker of the day will be Peter Conmy of Oakland, grand president of the Native Sons of the Golden West. Conmy will speak at the indoor ceremonies at Sequoia Theater. The address to the unknown dead at Union Cemetery will be made by Wayne R. Millington of Redwood City, past grand NSGW president.

The Rev. C. P. Boes of St. Peter's Episcopal Church has been appointed head chaplain for the day. Mayor William M. Werder will read General Logan's order, which established Memorial Day.

City Councilman Floyd Granger will be master of ceremonies at the theater. Butcher announced the program will start at 10 a.m. promptly in order to complete the flag raising ceremony exactly at noon at the cemetery.

The colors will be escorted from the theater to the cemetery by a 40-man unit of the Marine National Guard, Butcher said.

In other Memorial Day services in San Mateo County, Maj. Gen. Thomas G. Hearn will deliver the main address at the 27th annual Memorial Day services at the Veterans Administration Hospital, North Palo Alto.

The memorial program will be held on the hospital grounds starting at 10:15 a.m. and will be open to the public. The services will be officiated by chaplains of the Catholic, Jewish and Protestant faiths. The reading of the honored roll call, music and the reading of Lincoln's Gettysburg address will complete the program.

Veteran and community service organizations participating in the program include the Veterans of Foreign Wars Auxiliary 5179, Half Moon Bay; Disabled American Veterans Auxiliary 11, San Jose; Peninsula Chapter of the American Gold Star Mothers, Inc.; American Red Cross; American Women's Voluntary Services; and the American Legion Posts 375 of Palo Alto and 472 of East Palo Alto.

Each unit will have its colors represented at the exercises, which will have as its main theme the placing of wreaths on the graves of those veteran men and women who died during the past year at the hospital.

Outdoor services will also be held at Cypress Lawn Memorial Park, Colma, from 11 to 11:30 a.m.

Dr. John R. Kennedy, superintendent of the metropolitan district, California, New Conference, the Methodist Church, will officiate at the services.

Historic Belmont Building Condemned as Health Hazard

The former Belmont Hotel, one of the last of the old buildings in the original business section of Belmont on County Rd. is now being torn down after having been condemned by the Belmont City Council as a fire and health hazard.

Although it has been reported from time to time that the building was the original courthouse during the time in 1856 when Belmont was the county seat, Dr. Frank Stanger of the San Mateo County Historical Assn. reports that the building is probably of a later vintage, likely having been constructed after the railroad was put through in 1863.

The original temporary courthouse, according to Stanger, was the Angelo House which was located on the southwest corner of the Ralston Ave. County Rd. intersection.

During the 1860s the Angelo house and painted pale green.

In the prohibition era, the Belmont Hotel was a bootleg speakeasy and later on was the target of a number of bookie raids. During that time it was owned by the late E. Clayton Caldwell, one-time police chief of Belmont who came to the city in 1906 and went to work in the hotel as a bartender. Caldwell later acquired ownership of the hotel.

A fire in 1939 gutted a large portion of the building. After that Caldwell gradually disappeared from the local limelight. He was found dead two years ago in a San Francisco rooming house.

City Asks County To Aid Rd. Repair

City Mgr. E. A. Rolison said today that he and other Redwood City officials had recently urged San Mateo County supervisors to assume part of the cost of repairing Harbor Blvd. The supervisors, he added, had not yet reached a decision.

The federal government has offered to pay approximately $35,000 for repairs to the roadway which serves the Port of Redwood City and the Pacific Portland Cement Co. During the war, the federal government ruled, the roadway was damaged when it was used by the navy.

In addition, $22,000 is needed to bring the roadway into what city officials believe will be a desirable condition. So far the city and the port commission have agreed to split the cost. House was replaced by an inn, Stanger reported, which is still standing although it was recently remodeled into an apartment

Caterpillar Army Invades Lenolt Area

Redwood City and the San Mateo Coutny Agricultural Dept. have mobilized a joint force to stand off an invasion . . . of caterpillars.

For the past week residents of the 200 block of D St. in the Lenolt Tract have been overrun with swarms of small black caterpillars which moved in from unoccupied land to the north of their homes.

William W. DeGiovani, 251 D St., said that the small crawlers had come into backyards and crawled over the sides of houses.

Redwood City's government appealed to the county agricultural department which identified the insects and started work this week to dust a strip between the empty land and the D St. lots. The strip will keep the insects off the backyards.

Bruce B. Martin, assistant agricultural commissioner, said the caterpillars were "Painted Lady or Thistle Butterflies."

He said that they are selective eaters and would eat up the thistles in the vacant land and the malva or cheese weed there. In cultivated land, he continued, they would eat hollyhocks or begonias.

Redwood City, he added, is furnishing the DDT for the dusting and the county is putting up the machinery and labor for the job.

The county is receiving many calls this year to combat the caterpillars, he concluded. The insects stay on vacant land until it dries out then move onto cultivated and irrigated land.

Drop Contest Over Will Of Bullock

The contest over the will of the late Joseph J. Bullock, well-known Peninsula criminal attorney, was dismissed Tuesday, assuring Joseph J. Bullock Jr. the bulk of his father's $125,000 estate.

Superior Judge Andrew R. Schottky dismissed the suit in Redwood City upon the motion of Mr. Bullock's law partner and executor of the estate, Gerard Wagstaffe.

Robert Dell'Ergo told the judge that Wayne Millington, his associate, intended to withdraw from the case, but had not been able to get in touch with his clients. The judge said that he could grant no further delay in the trial.

Millington was the second attorney to handle the contest, taking the case over after Vincent Hallinan of San Francisco withdrew as counsel for Mr. Bullock's children by his first wife, Grant Bullock of San Francisco and Mrs. Grace Kramer of San Mateo, and for Mr. Bullock's grandson, Thomas F. Stewart.

The dismissal of the case precludes any further contest, since the six-month limitation since probate of the will has expired.

The will which was contested was signed on Nov. 27, and according to it the bulk of the estate was left in trust to Joseph J. Bullock Jr., who now is living at Burlingame.

Mr. Bullock died on Mar. 24, 1948, at the age of 80. His estate includes his home on El Camino Real, Atherton, which Wagstaffe said is up for sale.

Belmont Abandons Plans For Big City Sewer Project

The Belmont City Council this week voted to abandon proceedings on an extensive sewer project in the Cipriani Ave. area. The proceedings were started over a year ago but the city was unable to obtain bids on the bonds for the project.

Councilman Lester Reetz told the council that former City Engineer Robert Klassen had billed the city $3619 for the engineering work on the project.

"We don't get engineering for nothing," Reetz declared, "that's why I don't like to see assessment proceedings started that may go sour."

Reetz said that in the past two years he had seen $5000 wasted on engineering projects that fell through in which "the taxpayer saw no benefit of the expenditure."

The council voted three to one to pay the engineering bill, Councilman Ray Rhodes casting the dissenting vote.

The council last night reappointed Maurice Litou to the city planning commission and named V. C. Walston, 819 Holly St., to replace Stanley Bebb. The terms of Litou and Bebb had expired.

Rhodes, who last Friday was elected to the Belmont Elementary School Board of Trustees, announced this week that he would resign from the city council effective June 27.

Mayor Bayley Kohlmeier said the council had informally discussed possible replacements but as yet had made no decision as to whom to appoint to fill the vacancy. He said that councilmen would consider any recommendations made by residents of the city.

A petition signed by 60 residents of the Cipriani St. area asking for the establishment of a permanent playground in the area was considered by the council.

The petition asked the city to purchase three delinquent lots now being leased by the city for a temporary "toddler park," that the city improve the lots, assume liability for possible injuries incurred in the playground, and install water and toilet facilities.

The council took no action on the petition pending a meeting of the city recreation commission tonight, and will consider the matter at an adjourned meeting on June 6.

The council also:

Adopted the ordinance which prohibits cardrooms in the city. The ordinance was introduced on May 2 and prohibits the conducting of card games for profit and the participation in such games.

Introduced an ordinance to annex the Allan G. Hyne property on Paloma Ave. into the city, and voted to start proceedings to annex property near Harbor Blvd. belonging to Albert A. Fagerberg.

Voted to file a complaint with the state Public Utilities Commission to determine whether guard gates should be constructed at the Ralston Ave. railroad crossing and if so what proportion of the cost should the city bear.

Throng Jams Scene as Fire Rips Barn

A spectacular barn fire west of Redwood City Tuesday brought out more than 1000 spectators who impeded the work of firemen and the movement of fire equipment.

Asst. Fire Warden Ernest Werder said that about 700 cars jammed the street in the western part of Redwood City and San Carlos, and kept one piece of equipment from ever reaching the fire.

Werder at one point had to shut down equipment and threaten to turn the fire hoses on the spectators to force them away from the burning barn.

The fire was on the H. DeYoung property at 519 Eaton Ave. The 30 by 40 feet barn, containing a tractor, a jeep and a large amount of building material, burned to the ground. Werder estimated the loss at $5000. He said that the cause of the fire was unknown.

The Redwood City Fire Dept. got the first call and sent two rigs. The firemen laid down 1100 feet of fire hose from the city hydrant at the city limits.

The county fire department was called at 8:38 p.m. and dispatched three trucks.

The first delay came when a long freight train halted the trucks for about three minutes. A 500-gallon truck drove north on Old County Rd. to Brittan Ave., San Carlos, crossed the tracks at that point and then had to circle back to the fire. A 2000 and a 1000-gallon tanker waited until the train passed.

Werder said that the flames, shooting more than 50 feet into the air, could be seen from Bayshore Hwy. and attracted a large crowd. At some points the firemen had to stop their equipment and order the drivers of cars to move their vehicles so that the fire equipment would get through. a second 2000-gallon tanker was dispatched, but had to be parked 500 feet from the blaze because it couldn't get past the cars which jammed the roads.

The large crowd of spectators pushed close to the flames, and Werder said that some of them were women carrying babies.

Werder warned that in the future where spectators hindered the movement of fire equipment he would take license numbers and issue citations.

"It was lucky it was only a barn and not a house in which people were endangered," Werder declared.

In addition, the San Carlos Fire Dept. sent two trucks to help out in fighting the fire.

Werder said that the house on the property was 75 feet away but was not endangered because there was no wind.

Mother Hurt, Youths Unfed, Father Jailed

While his wife was in Community Hospital Monday recovering from automobile injuries, Wayne Burnett, 41, was being arrested by Redwood City police on charges of drunkenness and for investigation of a charge of contributing to the delinquency of minors.

The minors involved were the three young Burnett children.

Also arrested at the same time on similar charges were William J. O'Connor, 40, the children's uncle, and Grace M. Fontes, 46, 604 San Benito Ave., Atherton, a practical nurse.

The story started Saturday at 6 p.m. when a car driven by Burnett and one driven by Rose Mark Kerkorian, 41, 152 Hudson St., collided at Hopkins Ave. and Birch St. Mrs. Marie Burnett, 40, 21 Birch St., was seriously injured in the crash and was taken to Community Hospital. The drivers also were injured but not seriously. They were released after treatment.

Monday Catherine Burnett, 10, telephoned a friend and said her father and uncle were drunk and that her brothers, Wayne Jr., 4, and Robert, 3, were hungry.

Redwood City Police Officers Theodore Moudakas, Robert Copp and Phillip Supan went to 21 Birch St. at 5:30 p.m. to investigate.

Moudakas said they found O'Connor, a truck driver who lives at the Burnett home, and the nurse practically naked on a bed, the father clothed but drunk and all three children hungry.

On their report the police said they didn't believe the children had eaten since Saturday night.

The children were taken to Hillcrest, the San Mateo County juvenile hall, for feeding and attention. The adults were taken to the San Mateo County jail.

GARDEN: Must Use Plenty Of Water for Plants to Grow

BY ROLLY LANGLEY

In gardening, you're taking a little plant life, and with the help of sun and an amazingly small amount of chemical elements, transforming water into a lush combination of moisture and cell tissue. That's putting it so simply, it's not the complete deal, but the point is, more than 30 per cent of your plant is water. Of course this doesn't hold for woody trees and shrubs—they have more solids—but it does hold for the new growth they make.

Thus, if you're transforming water into flowers and vegetables, it follows, as the collector follows the bill, that you've got to use plenty of water if you want plenty of growth. And if you're planning a vacation in the next three months, you'd better make arrangements right now to have someone take over the irrigation while you're away. Vacations set back more gardens than is good for the community.

If you don't like to pay water bills, and feel like only half-watering your lawn, be wise, do not compromise with quality. Take out half the lawn and do justice with what you keep. Or if you feel congenitally miserly when it comes to watering a lawn, pour cement over the whole thing, paint it green—and your troubles are over.

Everything in the garden needs water during our dry season ahead. Last year there was a water shortage, and some excuse for under-irrigating. But that certainly doesn't hold this year.

Your camellias, rhododendrons, pelargoniums, gladioli, fuchsias, fatsias, flowering fruit trees, regular fruit trees, shade trees, begonias, border perennials and annuals are all going to require some water as the thermometer rises and their growth rate increases.

Give it to them. After all, you are transforming water into plant material. In the back yard, you're changing water into food. All the vegetables contain more than 90 per cent water.

If you're wondering what the big winner among roses will be in the All-America Selections for 1950, here's a scoop for you. It's Sutter's Gold, originated by Herbert Swim of Armstrong's Nurseries. This rose has already won international honors at the French competitions. I suppose we can safely say it's the best rose out since Peace, and Peace and Sutter's Gold make a fine combination in any garden.

While the planting of bare root roses is usually done during the dormant season, progressive nurserymen have made it easier to procrastinate and dilly dally. This catering to our foibles has been accomplished in two ways. As the bare root season draws to a close, they plant bushed and climbing varieties in gallon cans, and these can be transplanted at any time to garden. (You'll see many in full bloom adorning nurseries right now.)

The other method is by holding the bare root stock in dormant stage in very cold storage. I visited a big walk-in refrigerator recently and saw thousands of bare-root roses, all neatly bundled and waiting demand. The temperature was so low that not a bush had started any growth at all.

Incidentally, from cold to hot, with every rise of a point in temperature, insects seem to increase by the billions. To protect your roses, it's going to take more than that manure mulch and adequate watering. I don't think it's possible to grow roses in this area without spraying the plants every week with a combination insecticide and fungicide which will PREVENT damage.

There is too much growth around, too many invitations for the insects and fungi to come and get it.

GIRL INJURED

Mary Jane Bondi, 10, 3247 Hoover St., was injured Tuesday when a bicycle she was riding and a car driven by Victoria A. Davis, 31, 24 Yarnell Pl., collided at Hoover and 10th Ave. The child was treated at Redwood City Clinic.

Bay Area Property Taxes Up 25% in Year

Bay Area county total property taxes between the fiscal years

Bay Area property taxes have increased 25 per cent in the past year and 100 per cent since 1942, according to a study of all property tax levies in county, municipal, school and special districts in the nine bay counties issued today by the Bay Area Council.

Total property tax levies in the Bay Area in 1949 were $166,899,383, or $27,280,326 more than the 1948 tax payments.

Every Bay Area citizen, on a per capita basis, paid $63.67 in property tax levies, as contrasted with the higher state per capita figure of $66.16, the $63.80 average in the Los Angeles area.

The 25 per cent increase in of 1948 and 1949 compares with a corresponding 21 per cent increase for California as a whole, and 23 per cent in Los Angeles County, the state's other major population area. Bay Area population increased about 2 per cent over the same period, while Los Angeles, 2 per cent. California gained 5 per cent and

The actual 99.7 per cent increase between the 1942 and 1949 property tax levies in the Bay Area is slightly below the state's gain of 109 per cent and a fractional percentage below the 100.3 per cent increase in Los Angeles County.

Current upward trends in city and county budget requirements for 1950 may increase the 1949-49 per capita property tax levies reported in the council study, ranging from a low of $30.16 in Solano County to the highs of $75 in San Mateo County, and $75.37 in San Francisco (city and county.)

On a Bay county breakdown, San Francisco leads the area in total 1949 property tax levies amounting to $60,089,031, which also represented the highest per capita tax payment, $75.37

Probation Dept. Asks Youth Setup

The San Mateo County Probation Dept. today recommended the establishment of juvenile bureaus within police departments, on a pattern of one already established in Redwood City.

J. Ed. McClellan, chairman of the committee, said that the bureau would have no official connection with the probation department, but that its officers would have liaison with the probation department.

The police would handle juvenile delinquency problems on a local basis, screen cases and refer the more serious ones to the county probation department, McClellan explained.

In effect the probation committee's recommendation, if followed by the cities, would decentralize juvenile delinquency work and place it on a more local basis.

Redwood City has the only official juvenile bureau in the county, operated under the direction of Sgt. Cole Stafford.

Chief Robert O'Brien of San Mateo in his 1949-50 fiscal budget is asking for funds to provide a juvenile officer within his department. McClellan said that San Mateo already has been doing a great deal of preventive work. The juvenile bureaus would help eliminate conflicts in authority which sometimes arise between police departments and the probation office.

NATIONAL LEADERS of the Northern Baptist Convention, now in session in San Francisco, will make a tour of Bay Area Baptist Churches currently under construction tomorrow morning. They will inspect the First Baptist Church of Menlo Park, being constructed on Middle Ave. and Arbor Rd. Refreshments will be served by the women of the church.

Now's the Time To Aid Youngsters

Asst. Scout Executive Chet E. Wilson has announced that tomorrow night will be special camp registration night at the Redwood City office of Boy Scouts.

Perhaps you would like to make some boy happy by seeing to it that he gets to go to Scout camp this Summer. Many boys will sign up tomorrow night, but others will not, as they know their mothers and fathers will not be able to send them. How would you like to be the one who might change the outlook of some boy?

West Point Tests Slated for July 11

Competitive examinations for West Point and Annapolis will be held on July 11, Congressman Jack Z. Anderson announced today.

The July examinations, conducted by the Civil Service Commission, will determine candidates for appointment to the academies in 1950, and all applications must be in Anderson's office, Washington, D. C., by June 1.

At this time, Anderson said, it appears there will be two vacancies at Annapolis and one at West Point. One principal and three alternates will be appointed for each vacancy on the basis of the competitive examination.

Age limits for candidates are: Naval Academy — must have reached their 17th birthday on April 1, but must not have reached their 21st birthday on April 1 of the year of entering the academy. For the Military Academy, candidates are eligible from the day they are 17 until the day they become 22 years of age.

Young men interested in these appointments should write immediately to Congressman Jack Z. Anderson, House Office Bldg., Washington, D. C., for details.

Dr. J. A. Williams Joins Hospital Staff

Dr. James Arthur Williams Tuesday became resident physician of Community Hospital, a position which he will hold until July 1, when he will become a member of the staff at the Stanford University Hospital in San Francisco.

Dr. Williams is the son-in-law of Mr. and Mrs. Ralph A. Romer of 56 Melrose Pl. and a graduate of Tulane Medical School. He was married to the former Jean Romer at Stanford Chapel on Dec. 18.

Mrs. Williams, who is known professionally as Dr. Jean Romer, is a resident in X-ray at the Stanford University Hospital in San Francisco.

Redwood City Automobile Insurance Rate Decreases Explained

Changes in the new effective rates on automobile insurance for Peninsula motorists were outlined today by Myron Evans Harmon, chairman of the public relations committee of the district association of insurance agents.

Under the new rates, according to Harman, Redwood City automobile owners will pay slightly lower rates on both bodily injury and property damage insurance.

The National Bureau of Casualty Underwriters and the National Automobile Underwriters Assn. have fixed the new rates after a study of case histories in the Redwood City area.

Heretofore, drivers receiving insurance for bodily injury liability under the A-1 rating will pay $2 less than the old $20 rate. The A-1 rating is applicable to drivers who are 25 or older and who do not drive their automobiles over 7500 miles a year.

In the A-2 classification, drivers 25 years of age or over with no limit on yearly mileage, will pay $20 instead of the $22 fee.

Class A-3 insurance fees no age limit or mileage, were reduced from $27 to $24. In the unlimited insurance class, Class B for business men with no age or mileage limits, the fees were reduced from $28 to $25.

The same type classifications for property damage liability have also been appreciatively reduced. Here the A-1 rating costs were reduced from $14 to $12.50 while the business class reduction was from $19 to $17.50.

Automobile owners carrying $25 deductible insurance for a 1-year-old, four-door sedan, for example, will also benefit from the new insurance rates.

Insurance on the higher priced models, using the Cadillac car as an example, dropped $22 from the old insurance rate of $142.

Insurance of the same kind for a Ford car is now $93 where the old rate was $104. Other examples of old and new ratings for $25 deductible insurance are Pontiac, $122 now $108; Plymouth, $115 now $102; Chevrolet, $104 now $93, and Buick, $112 now $108.

GRID STAR VISITS CUBS—Frankie Albert (left), star quarterback for the San Francisco 49ers and former Stanford All-American, presented awards to members of Cub Pack 49 during the group's recent meeting. Above: Albert presents three silver arrows for bear award to Cub Scout John Quigley while Cubmaster A. L. Appler watches.

Albert Presents Awards at Cub Pack Meeting

Members of Redwood City's Cub Pack 49 received awards for outstanding Cub Scout work at a meeting held Friday night in the Lincoln School auditorium.

Frankie Albert, 49er quarterback, was the guest of Cub Pack 49 and made the awards. Albert also showed pictures of game highlights of the 49er's 1948 football season.

Cub Pack 49, which represented the Donner Party at the cub's Cub-O-Rette recently, received a participation award.

The following Cub Scouts, members of local dens, also received awards:

Bobcat Award — Jerry E. Shultz, Ronald G. Baron and William W. Hansen.

Den 1—Bob Munday, gold arrow for bear; Peter Kaldveer, silver arrow for bear; Jerry Eppler, two silver arrows for wolf; Ronnie Dengler, bear award, gold arrow for bear and two silver arrows for bear; Jerry Shultz, wolf award, gold arrow for wolf; Bill Esselstein, silver arrow for bear; John Quigley, three silver arrows for bear; Tim Magee, three silver arrows for bear; and Billy Blank, silver arrow for bear.

Den 2—David Dent, gold arrow for wolf, silver arrow for wolf; Roger Barr, silver arrow for bear; Robert East, silver arrow for bear; Duke Stroud, silver arrow for bear.

Den 3—Billy Jackson, one-year star.

Den 4—David Ames, silver arrow for wolf; Doyle Barnes, gold arrow for bear, two silver arrows for bear and one-year pin; Robert Behrens, two silver arrows for bear; Marion Francheski, silver arrow for bear; Robert Fancheski, silver arrow for bear; Raymond Long, silver arrow for bear; Robert Ohlson, lion award, gold arrow and silver arrow for lion; Kent Robertson, silver arrow for bear; and Don Thompson, silver arrow for bear and one-year star.

Den 5—Lyman Ashley, gold arrow for bear, silver arrow for bear; Ronald Green, silver arrow for wolf; Alfred Mattson, bear award, gold arrow for bear, two-year star; Harold Shanzer, silver arrow for wolf; Buddy Weymouth, silver arrow for bear; and Toby Peairr, den chief warrant.

Den 7—Michael Moore, two silver arrows for wolf; and Chet Loveland, gold arrow for wolf and silver arrow for wolf.

Greyhound Lines Announces 'Package Vacation' Tours

Greyhound Lines announces they are again offering the popular Greyhound Expense-Paid Tours to vacationists this year. These "package vacations" are "tailor-made" to suit the individual vacationist's time and budget and many tours have been planned to many points in the West, and throughout all the United States, as well as to Canada, Alaska and Mexico. They include transportation, hotel rooms, side trips, sightseeing and meals in some of the national parks, all at a low unit price for each tour.

"Greyhound Expense - Paid Tours are becoming more popular every year," said J. C. Schrepfer, local Greyhound agent. It is expected that more Californians than ever before will take these carefree travel vacations this year, while many thousands of people from other states will visit all parts of California on Greyhound Expense-Paid Tours.

"Through careful research by Greyhound travel experts, the tours offered this year will include even more of the scenic and historic highlights in which travelers are interested," J. C. Schepfer stated. "The 1949 Greyhound travel vacations from Northern and Central California points range from a 29-day tour to Alaska via the Alaska Hwy., to a pleasant 3-day tour to Yosemite. Other tours take vacationists to the Midwest, New York and all the East, the Deep South and Mexico City.

There are also many tours to Southern California vacation centers, the Redwood Empire, Shasta-Cascade wonderland, High Sierra, the Pacific Northwest, Canadian Rockies, Glacier Park, Colorado Rockies, Sun Valley, Yellowstone, Utah Parks, the Grand Canyon and Carlsbad Caverns and many other scenic and historic areas. Each tour is made to order and may be lengthened or shortened to suit the individual's desires.

"These are not 'conducted tours'," J. C. Schrepfer pointed out. "The vacationist travels by regular Greyhound schedules and is free to go when he chooses, stay as long as he wishes. Each tour is planned for the individual or group, with all details worked out and reservations made in advance, and there is no extra charge for this service. Most tours may be taken at any time of the year. They are remarkably low in cost because of careful planning and low Greyhound fares.

"The 1949 Expense-Paid Tour folders are now available from Greyhound agents," said J. C. Schrepfer, "and we shall be happy to help travelers plan their 1949 travel vacation.

Man Hurt as Car Drops 30 Feet

A 29-year-old San Francisco man was injured slightly when he attempted to stop a car which slipped its emergency brake and plunged down a 30-foot cliff late Monday.

The California Highway Patrol reported that David Williams suffered only minor bruises and did not require hospital treatment.

The accident occurred on Coast Hwy. near Matchbook Cove north of Montara. Cleta G. Sherrill, 25, a San Francisco car hop, said that she drove the car to the east side of the highway, stopped and set the emergency brake.

She and Williams got out of the car, which started to roll down the steep bank. Williams jumped back in and tried to stop the car by using the foot brake, but the coupe plunged to the bottom of the cliff.

North Dakota leads the other 47 states in the production of spring and durum wheat.

New Super-Market Leveled by Blaze; 8 Firemen Injured

A mild-mannered, middle-aged man stood calmly on the sidewalk Wednesday and watched a $500,000 fire turn King's Market, Daly City, into a roaring furnace of white-hot steel and flaming timbers.

"I done it," he said proudly.

Givens Ray, 44-year-old ex-convict, told officers he "lit the place up" with a flaming broom, soaked with cleaning fluid, to get "revenge" for being discharged Saturday as a store clerk.

The market, completed only eight months ago, which occupies 22,275 square feet on Junipero Serra Blvd. in the Garden Village tract, was 90 per cent leveled by the fire.

He went into the basement, according to Chief Criminal Dep. Dist. Atty. Fred Wyckoff, and fell asleep in an out-of-the-way hiding place.

When he awoke, shortly after midnight, he found cleaning fluid containers, opened them and threw the fluid around the basement.

He used "a lot of it," he said. He dumped most of the highly inflammable liquid onto cereal boxes and toilet paper containers, because, he figured, they would "go up" the easiest.

"Then I got a broom," he told Wyckoff, "and I sopped it in the cleaning fluid and I lighted it and then I used it like a torch and lit the place up."

Ray told Wyckoff he had set a Sacramento hotel on fire in 1932 because it was a "clip joint." He was arrested and spent two years in San Quentin. Then he was paroled.

He has been living in Daly City since January. Prior to his 10-day period of employment at King's Market, he worked at the Dandy Market in Brisbane.

Eight Daly City firemen were hurt in fighting the raging flames. One of them, Andy Conaty, was injured seriously.

Morning automobile commuters jammed the boulevard, as thousands of persons, attracted by soaring smoke, poured into the area to watch the fire.

Alert work on the part of four Daly City fire companies, two from San Francisco and one from Colma prevented the blaze from spreading to three small stores in the south end of the market building and to nearby homes.

The market portion of the building, a frame structure with stucco exterior and steel beams, was a levelled mass of twisted metal and smoking ashes after the fire had spent its fury.

Mike Jacobs of Burlingame, cooperator of the market, estimated the damage at $200,000 to the building and $300,000 to the stock and fixtures—all of which are a total loss.

Kraus Named By Belmont Group

The Belmont Recreation Commission this week reappointed Howard Kraus, principal of the Louis Barrett School, as director of the city's summer recreation program. Kraus was summer recreation director last year.

Commissioners discussed the progress on installation of three "toddler" parks for pre-school children and plans for a 'teen-age canteen.

Representatives of residents in the Cipriani Ave. area asked the commission to approve their plans for the over-all development of a park in the area, but the commission referred the matter back to the city council.

Monday night the group had asked the council to purchase the land for the park and install toilet and water facilities. The council referred the matter to the recreation commission.

Commissioners agreed to recommend the use of the land as a park but refused to recommend that the land be purchased.

It was announced at the meeting that the 'teen-age canteen program will start on June 17 under a director.

The commission is sponsoring a carnival and street dance on June 3 to raise money for the summer recreation program.

Rescue Fails, Youth Drowns Off Coast

A 19-year-old Colma youth drowned in the ocean off Thornton Beach Monday afternoon despite desperate efforts by his brother-in-law to save him.

Alfred Puricelli, 19 San Pedro Ave., was swept out to sea by a strong undertow, and his body was not recovered.

He and Albert Lagomarsino, 19, a service station attendant who lives at 400 Baker St., Colma, had gone swimming off Thornton Beach near the San Francisco County line and were out beyond the breakers, according to Dep. Sheriffs Robert Lynch and George Krehl.

Lagomarsino told the deputies that Alfred suddenly started to go down. He swam to his friend's aid and tried to tow him to shore, but the two were repeatedly swept out by the undertow.

Alfred finally slipped from Lagomarsino's grasp, and the latter, exhausted, swam into shore by himself. After catching his breath, he went back into the water twice to try to find his friend, but to no avail. About 15 other persons had gathered, and several tried to find the drowning youth, but were unsuccessful.

Lagomarsino was taken to the Junipero Serra Hospital to be treated for exhaustion and shock.

The drowning victim was the son of Mr. and Mrs. Gusmeo Puricelli, owners of the Geneva Baking Co. at the San Pedro Ave. address. Lynch said the youth left Jefferson High School a year ago and had been employed in his parents' bakery.

Hay Fire Gets Little Too Hot

A Woodside man Tuesday attempted to bring his fire right to the fire house but was forced to abandon his burning truck when things got too hot.

Woodside Fire Chief John Volpiano said that Sanford A. Wara, Canada Rd., Woodside, had parked his hay-laden truck along Canada Rd. when suddenly the hay burst into flame. Wara jumped into the truck in an effort to drive it to the Woodside fire station.

About half way to the station, Wara was forced to jump from the flaming truck because of heat inside the cab, Volpiano said. The fire department was called in and put the flames out.

Volpiano estimated damage to the truck at $200 and the value of the hay at $40. He said that driving the truck had merely fanned the flames and made them burn faster. He said that the fire had started in hay which hung down in front of the truck exhaust pipe.

The fire was reported at 6:43 o'clock.

Evelyn MacGregor Is Married Here

Mrs. Evelyn MacGregor, 39, New York City, soloist for the American Album of Familiar Music which is broadcast on Sunday nights, and Vern R. Jones, 48, of 488 University Ave., Palo Alto, were married at 10 o'colck Tuesday morning by the Rev. Gale W. Engle, pastor, at the First Congregational Church here.

Mr. and Mrs. Percy S. Spencer of San Francisco were the only witnesses to the ceremony.

The Jones will honeymoon in Carmel and will make their home in Palo Alto. Mrs. Jones will return by plane to New York on Saturday night in time for her Sunday broadcast.

Jones is a chemist and technical adviser for the Wyandotte Chemical Corp. of San Francisco.

Books at Public Library

WHERE DO WE GO FROM HERE?

Vacation time is here and many of us will be trying to decide whether to take a trip, and if so, where and how far, or whether we will be stay-at-homes in San Mateo County. This week we are suggesting "Seeing America" books—the national parks, the western trails, camping and outdoor cookbooks, hiker's guides, fishing and how to live in the woods, along with many an unlisted title about the great out-of-doors which you will want to read.

Here are a few about our Far West:

THE INVERTED MOUNTAINS: CANYONS OF THE WEST AND THE PACIFIC COAST RANGES, both edited by Roderick Peattie and beautifully illustrated.

THE OLD CALIFORNIA TRAIL by Julia Altrocchi, better known perhaps for her **SNOW COVERED WAGONS,** an epic of the Donner party.

WE FOLLOW THE WESTERN TRAIL by Ruth Wheeler; **NATIONAL PARKS OF THE NORTHWEST,** by Martelle Trager; **OUR COUNTRY'S NATIONAL PARKS,** two illustrated volumes by I. R. Melbo; **THE OREGON TRAIL** by the Federal Writers' Project; also by the same group, **MOUNT HOOD,** a guide; **HIGH TRAILS OF GLACIER NATIONAL PARK,** by Margaret Thompson.

Then there is a delightful series called **LOOK AT AMERICA,** edited by **LOOK MAGAZINE** and published by Houghton, Mifflin Co. **THE FAR WEST** has a fine introduction by the San Francisco Chronicle's Joseph Henry Jackson.

no hot kitchen for me on memorial day . . .

We're Having a Lucky PICNIC

Everyone likes a picnic! Tangy, appetizing, ready-to-eat delicacies . . . dew-fresh fruits and vegetables . . . attractive and tasty condiments . . . and don't forget Lucky's aged beef for barbecues . . . everything you need for your picnic basket! FESTIVAL TIME IN REDWOOD CITY—Several hundred persons gathered at Lincoln School last weekend for the annual Spring Festival program featuring the participation of the school children. This year's theme was the "Nutcracker Suite," and one of the classes goes through its routine above. Costumes were designed and prepared by the teachers and parents.

New Sequoia High Trustees Tell Plans

The two newly-elected trustees to the Sequoia High School Dist., Kenneth L. Bowen and Keith Cole, declared today they would stick by their seven-point program to bring about good feeling and a positive program of education at Sequoia High School.

Bowen and Cole defeated incumbents W. W. Hilton and Morton Brewer in a record-vote school election Friday.

Both the new trustees said they would devote the next few months in preparing themselves in their program to bring about harmony at Sequoia.

Bowen and Cole take office July 1.

"I'm sold on the curriculum at Sequoia," declared Cole, "and I am sure we have competent people carrying on a good program of education at the high school. Now our ambition is to try and bring everybody together in one group that will best function for the benefit of Sequoia."

Cole said he thought the most positive program of action could be obtained if the school—students, faculty and trustees—functioned as a complete unit.

He declared the action on the $2,150,000 high school bond issue was an indication that the growth at Sequoia would be a matter of vital interest to everyone.

"Our goal is our seven-point program," Bowen stated. "Between now and July 1 we can study the situation and figure the best means to bring about positive action on the program."

Both candidates declared they would not upset the present functions of the board by introducing any measures that interfere with board harmony.

"We want to get along with everybody," Bowen stated. "The election is over and now we want to get down to work for the best interests of Sequoia."

The new trustees reiterated their pledge to the seven-point program which constituted their election campaign.

Bowen declared he would be aggressive in his actions to get an administrative program at Sequoia that was based on "staff participation and planning.

"We have a world of ability in the staff at Sequoia. We should utilize it to the fullest possible extent," he stated.

He declared he thought there was no reason why Sequoia should not be both a "well-supervised and happy school." The trustee declared he thought the confidence in the school could be restored if the right attitudes were instilled in the teachers, administrators and the students.

RC Foresters Attend Conclave

Delegates of Court Madrone 158, Foresters of America, have returned to Redwood City after attending the 60th annual Grand Court Convention of California in Marysville Thursday through Friday.

Attending from Redwood City were Albert P. Jordan, Louis F. Rolla, Ernest H. Bean, Primo Pellegrini, Fred E. Pohl, Ernest H. Lindenau Jr., Lee C. McDonald, Grand Trustee John P. Clarkin, Junior Past Grand Chief Ranger George Solari, Past Grand Chief Ranger Frank A. De Patta and Mrs. De Patta.

Clarkin was advanced to grand lecturer. Solari was selected as one of the representatives to the Foresters' Supreme Court to be held in August in Atlantic City.

Henry D. Bottarini of San Rafael was elected grand chief ranger. Mildred E. Owens of Livermore was named grand chief companion.

Frazier Hearing Continuance Due

The murder trial of Kermit Owen Frazier, scheduled for June 14, is due for another continuance, Chief Criminal Dist. Atty. Fred Wyckoff said today.

Wyckoff said that Frazier's attorney, George Davis of San Francisco, has conferred with Superior Judge Andrew R. Schottky of Mariposa County, who will hear the case, and that the judge had set July 12 as the new trial date.

Frazier, 34-year-old Oakland credit man and described by Davis as a "typical Southern gentleman," is charged with the murder of Mrs. Mary L. Thompson of Atherton, and with the attempted murder of her 29-year-old twin daughters, Sharle Doris.

Menlo School Graduation Set for June 1

Menlo School and College will hold its thirtieth annual commencement exercises on June 1 at 2 p.m. at Douglass Hall on the school campus. One hundred thirteen students will be awarded associate in arts degrees.

Awards for scholarship honors as well as student body activities will be presented to members of the graduating class. President William E. Kratt will address the graduates.

Among the college graduates from Redwood City are: Edgar Cooley Baume, son of Mr. and Mrs. Edgar C. Baume, 1204 Harrison; Willard John Classen Jr., son of Mr. and Mrs. Willard J. Classen, Rt. 1, Box 1140; Lee Duncan Cranmer Jr., son of Mr. and Mrs. L. D. Cranmer, 25 Turnsworth Ave.; Joseph Louigi Delucchi, son of Mr. and Mrs. Joseph Delucchi, 1614 Oxford St.; Billie June Derringer, son of Mr. and Mrs. George Derringer, 1635 Jefferson Ave.; Edward Paul Gardiner, son of Mr. and Mrs. B. E. Gardiner, 330 Grand St.; Robert Sterling Howe, son of Dr. and Mrs. Ralph Howe, 425 Edgewood Rd.; Webster Lincoln Kneass II, son of Mr. and Mrs. Webster L. Kneass, 320 Walsh Rd.; Atherton, and Rufus Avery Tracy III, son of Mr. and Mrs. Rufus A. Tracy Jr., 375 Old La Honda Rd.

Ed Baume entered Menlo in 1945 and served on the staff of the "Oak and Acorn" during his first semester. He served in the U. S. Army in 1945-46.

Willard Classen entered Menlo in 1947. He was a member of the Camera Club and served on the dance committee .

Netland Estate Left to Friends

Ingvard P. Netland, 72-year-old Woodside Glens man whose charred body was found a mile from his home a week ago, left his estate to Mr. and Mrs. Leslie Volkman, 49 Moltke St., Daly City.

A petition to probate the will of Mr. Netland was filed in superior court at Redwood City this week by Volkman. The will, dated Mar. 13, 1931, decribed the Volkmans as "old friends" of Mr. Netland, who also stated that he had no near relatives in California.

The estate consists of the Woodside Glens home and an unstated amount of money in the bank.

Sewage Plant Sites Discussed

San Carlos and Belmont city councilmen sat Tuesday night in joint session to decide on which of two alternate sites to use for the location of the joint San Carlos-Belmont sewage disposal plant.

According to Mayor Edward Burton of San Carlos, no definite conclusion was reached and committees were appointed to investigate further into the problem.

He said the two councils hope to reach a decision within the next few weeks so that the sewer project can be started as soon as possible.

The two tentative sites are located east of Bayshore Hwy. The first is along Phelps Slough, east of Holly St. and the second is east of Brittan Ave.

Bonds for the the sewer project were voted two years ago by the two cities.

Parked Car Damaged In Hit-Run Accident

A parked car belonging to William Stone, 42 Hazel St., was damaged in front of its owner's home early Monday by a hit-and-run driver, Redwood City police said today.

Stone told them that the car had been knocked onto the curb at 2:24 a.m. and that its left front wheel and fender were damaged.

500 Boys Attend Scout Camp-O-Ree

More than 500 Scouts from all parts of San Mateo County met at Coyote Point last weekend to attend the Annual Council Camp-O-Ree, which, to quote Camp-O-Ree Chmn. James V. Christie, was one of the most successful ever held.

The majority of the units attending received an "A" troop rating for general neatness, good appearance and a good camp. Contests were held in life line, signaling, judging, first aid and other scout skills. Church services were held on Sunday morning and the camp broke up at 3:30 on Sunday afternoon.

Chairman Christie was assisted by Henry Glaves of the southern district; Munroe Brown of central district and Lent E. Haff of the northern district. Eagle Scout John Wrentmore was in charge of the campfire, J. A. Aliamus of first aid, George Cook, scoring, Sea Scouts acted as color guards and the Knights of Dunamis aided in the selection and layout of camp sites. Camp inspections were conducted by F. Everett Emerson, Milton Gooding, Zina Callaham and William Warren. Asst. Scout.

Club Frolics Seen Financial Success

Although financial returns from the Club Frolics held at Sequoia High School Monday and Tuesday nights probably won't be known for two or three days, Chet E. Wilson, assistant scout executive, predicted that about $1200 would be cleared from the two shows.

The Frolics were staged by seven Redwood City service clubs to raise funds for a new Boy Scout building here.

Approximately 800 persons saw last night's performance, Wilson said.

Wilson asked ticket salesmen to turn in money or unsold tickets to their captains immediately, so it can be determined how much money was cleared.

Clubs taking part in the Frolics were the Kiwanis, Lions, Rotary, Commuters, 20-30, Native Sons and Exchange.

Car Hits Bus, Man Is Arrested

A 59-year-old Cupertino man was arrested by Belmont police Wednesday morning after the car he was driving sideswiped a Greyhound bus just north of Ralston Ave. on El Camino Real.

Thomas Mullen, Box 246, Cupertino, driver of the car, was arrested on charges of drunkenness in and about an automobile, driving on the wrong side of the road, and not carrying a driver's license. Mullen listed his occupation as a concessionaire at Bay Meadows race track.

Police said that the accident occurred at 1:35 a.m. when the car driven by Mullen turned left onto El Camino Real from an alley on the west side of the highway. The bus driver, John Charles Allen, San Jose, attempted to get his southbound bus out of the way of the car, police stated, but the bus was side-swiped nevertheless. No one was injured in the accident.

Mullen was held in county jail in lieu of $25 bail. He is to appear tomorrow night before Judge Walter Truce.

Alviso Man Injured As Trailer Slips

Frank Rhett, 28, of Alviso, suffered a severe cut on his calf when a trailer he was attaching to a dump truck slipped Monday afternoon.

The sheriff's office reported that the accident occurred in the Woodside Hills area where Rhett had been installing a driveway to a private home. Rhett had loaded a tractor onto an auto trailer and was trying to attach the trailer to the truck when the trailer slipped. He suffered a four-inch cut clear to the bone. He was treated at Palo Alto Hospital.

9-Week-Old Baby Succumbs Here

A post-mortem examination was scheduled today to determine the cause of the death of Mark Gonzales, 9-week-old son of Mr. and Mrs. Adolph Gonzales of 1459 Gordon St.

The infant died this morning despite the efforts of Redwood City firemen to keep it breathing with an inhalator.

The body was taken to the Franklin-Crowe and Lorentzen Chapel where services are pending.

Polish Girls Run Tractors

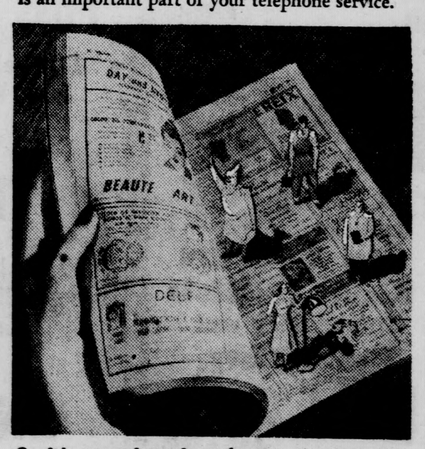
ELBLING, Poland Sixty Polish girls, employes of state-owned frams, are learning to operate tractors in the area of this Baltic port.

YOUR EASIEST WAY TO FIND THINGS

A handy guide to folks who serve or sell —the Yellow Pages are an "extra" that makes your telephone more valuable

1. Need first aid for a lacerated paw? The Classified Section of your telephone book can give you the name of your nearest veterinary—fast. Day in and day out, the Yellow Pages are ready to help you meet emergencies... or answer routine "where to find it" questions. Classified is an important part of your telephone service.

2. A happy solution—that's Classified's specialty. Each easy-to-find listing gives the address as well as the telephone number of the store or service you want... if you want to go in person, you can find the spot closest home. Many articles are listed by brand—along with stores selling them—if you're looking for a particular one.



3. It's a market place that stays by your telephone. Classified's job is to bring buyer and seller together — quickly, easily. In a recent survey, some three out of every four people said they use it often or sometimes... and they mentioned hundreds of different businesses or services they remembered reaching through the Yellow Pages.

4. Your telephone serves in many ways — Classified is one often taken for granted. But it's part of what we do to make your service valuable. Today you can reach more people — more can reach you. Yet the cost of service remains low. A call is yours for just a few pennies... a real bargain in these days of high prices.

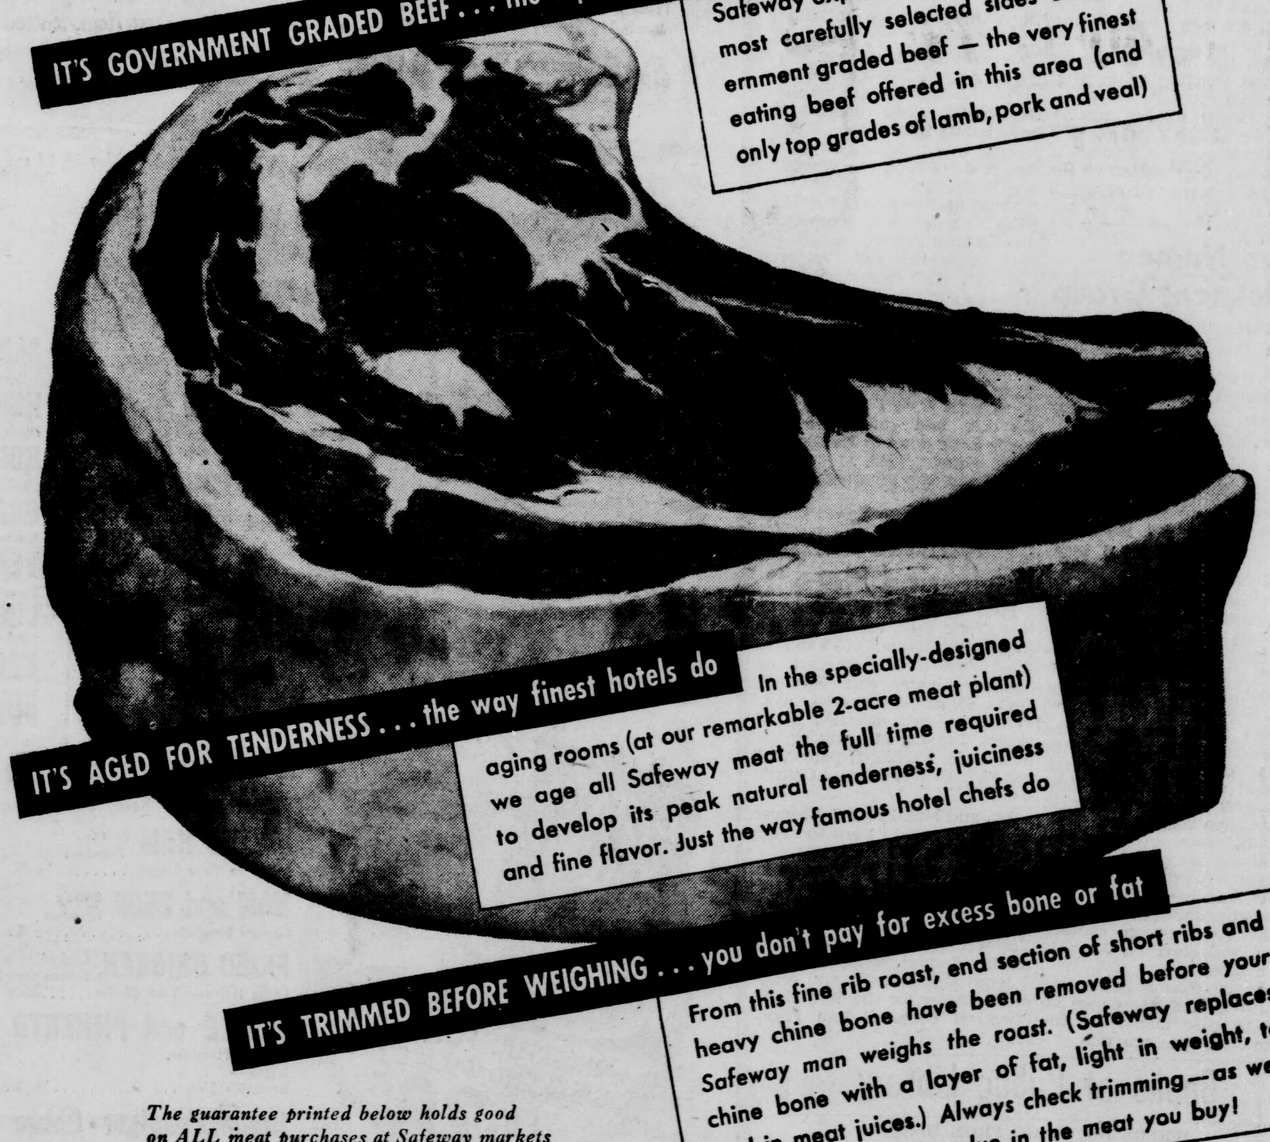
The Pacific Telephone and Telegraph Company

Your telephone is one of today's biggest bargains

Test This Safeway Roast For Value Per Dollar (with us taking all the gamble)

IT'S GOVERNMENT GRADED BEEF... the top U. S. Government grades

Safeway experts buy for you only the most carefully selected sides of government graded beef — the very finest eating beef offered in this area (and only top grades of lamb, pork and veal)



IT'S AGED FOR TENDERNESS... the way finest hotels do

In the specially-designed aging rooms (at our remarkable 2-acre meat plant) we age all Safeway meat the full time required to develop its peak natural tenderness, juiciness and fine flavor. Just the way famous hotel chefs do

IT'S TRIMMED BEFORE WEIGHING... you don't pay for excess bone or fat

From this fine rib roast, end section of short ribs and heavy chine bone have been removed before your Safeway man weighs the roast. (Safeway replaces chine bone with a layer of fat, light in weight, to seal in meat juices.) Always check trimming—as well as price—to get top value in the meat you buy!

The guarantee printed below holds good on ALL meat purchases at Safeway markets

TAKE HOME this Safeway rib roast (or any cut or kind of Safeway meat)... Cook and serve it the way you prefer

EAT EVERY BIT OF IT... judge the tenderness, juiciness, flavor

IF YOU DON'T LIKE IT—for any reason whatsoever—your own Safeway market man will give all your money back, *without return of the meat.*

We take the risk on SAFEWAY GUARANTEED MEATS

Picnic Days are here again!

AFTER THE BLAZE WAS OVER—This is what remained early today after a $500,000 fire leveled the King's Market in Daly City. A fireman pours water on the smoking ruins after the blaze had destroyed the new building. Eight firemen were injured fighting the blaze which consumed $300,000 stock and fixtures. See story columns 7 and 8.

SC City Councilmen Clash Over Government Operation

Mayor Edward Burton last night accused Councilman John Kemp of "taking pot-shots" at the city manager during a long but tense meeting of the San Carlos City Council.

Burton made the charge after Kemp had criticized Mgr. Howard M. Brod and other councilmen over the expenditure of $500 for softball bleachers at the recreation center. Kemp maintained that the council had budgeted $500 for materials but when the expenditure was made the $500 included both material and labor.

Brod answered that $500 was allocated for the bleachers and that he had been advised by the council at a caucus session that the $500 would cover both labor and material.

"I wasn't there," answered Kemp, "A caucus should include all members of the council."

"If you'd get there on time, you'd know what was going on," Burton snapped back. "You're taking quite a few pot shots around here tonight. This thing's going too far."

Another exchange of words between Kemp and Burton occurred during a discussion of a proposed ordinance to regulate the height of fences and hedges in the city. A petition and letter from residents asking for such an ordinance had been read to the council.

"I have brought this up from time to time for many years," Kemp declared. "A year ago an ordinance was drawn up by the city attorney. Twice I asked for the ordinance to be taken up but it has never come up."

"You know why it hasn't come up as well as I do," Burton answered. "The council can't make up its mind as to how it wants it written up."

"I made my mind up over a year ago," declared Kemp.

"This is the first time I heard anything about it," Burton declared.

The council decided to take up the ordinance at a special meeting next Wednesday night.

Earlier in the meeting Kemp asked that another report from Brod on the relations between the city manager and the council be presented to the council.

He said that Brod's earlier report was not what he had asked for, that what he wanted would cover the establishment of policies.

City Atty. Carl Anderson declared that the matter of setting policy was up to the council. The council then authorized Anderson and Brod to check on the city manager-council policies of other Peninsula cities and report back to the council.

Kemp also charged that Brod's hiring of a parttime special officer to canvass the city on dog licenses was not in accordance with the city's civil service regulations.

He said that the hiring was a "little out of line in procedure" and that civil service ordinances and reguiations should be carried out.

Burton asked City Clerk Beatrice Roberts to notify the civil service commission that the special officer had been hired.

SC Industrial Group to Meet

The third meeting of industrial property owners in the San Carlos area to consider costs of proposed improvements in the industrial area between El Camino Real and Bayshore Hwy. will be held Tuesday at 8 p.m. in the San Carlos City Hall auditorium.

At the last meeting of the group, property owners gave San Carlos City Engineer Edwin Smith tentative approval of a map of street improvements in the area.

Proposed improvements include the construction of a new 80-foot service road running parallel to the Bayshore Hwy.; widening and repaving of Old County Rd. and the development of Washington, Center and American Sts.

At the next meeting the city engineer and Howard Brod, San Carlos city manager, will present details of assessment costs that will be charged to the area if improvements are made.

SEEKS QUEEN TITLE—Miss Beverly Swenson, 18-year-old dental assistant, has entered the race for the title of "Queen of the 1949 Redwood City Rodeo." Miss Swenson, a Sequoia graduate and employed by Dr. August Fromm Jr., is sponsored by the Lock Drug Co. and becomes the second entry in this year's event.

RC Girl Joins Queen Race For July Fourth Rodeo Fete

A Redwood City girl who hopes to be a queen in her old home town, is the second entry in the 1949 Redwood City Rodeo Queen Contest.

The young lady is Beverly Swenson, pretty 18-year-old blonde dental technician, who lives at 739 Arlington Rd. Miss Swenson, a graduate of Sequoia High School, is the daughter of Mr. and Mrs. Herman Swenson, and she is employed by Dr. August Fromm Jr., a Redwood City dentist.

Sponsoring Miss Swenson is Lock Drug Co. of Redwood City and Belmont.

Previously, Miss Pat Bolster of Burlingame had entered. Each Peninsula community between Daly City and Palo Alto is expected to have several queen contestants, according to John Stegeman, cochairman of the sponsoring Peninsula Celebrations Assn. queen committee.

The winner will reign at Redwood City's three-day rodeo, July 2, 3 and 4, and she will be presented with a new convertible automobile as a gift of the PCA.

Stegeman explained that any young woman between 18 and 25 may enter the contest providing she has a sponsor from a local business, club, or fraternal organization. She must also pass a test in horsemanship which is conducted by the Mounted Patrol of San Mateo County.

Mrs. Hugh McCleary Fetes Her Husband

Mrs. Hugh McCleary gave a surprise party in honor of her husband's 73rd birthday on Sunday evening at the McClearys home on Lincoln Ave.

Guests at the party were Mr. and Mrs. Charles Renshaw, Mrs. Emily Mitchell, Ben Cherry, Mrs. Frank English, Mrs. Jessie Healey, Mr. and Mrs. William Green, Mr. and Mrs. Otto Staengel and Mrs. Lucy Mayor.

Planners Take 'Unofficial' Actions

Redwood City planning commissioners failed to field a quorum for this week's scheduled meeting and were consequently unable to take any legal actions.

Three commissioners were present. They were Francis Brischgi, Emil Steinegger and Paul Jones.

Unofficially, they:

Told Robert Coleman, 1029 10th Ave. to determine whether land he owns near 10th Ave. and Page St. was sold as a legally subdivided lot. If it is; the city can not refuse him a permit to construct a house along the land which does not front on a street and is constructed to the street only by a 20-foot entryway.

Told L. W. Hay-Chapman they would send a committee to investigate a porch on his Alameda de las Pulgas house. Hay-Chapman said the porch overhung a setback line by 22 inches.

Indicated they would allow new jogs on a setback line planned for the extension of Ligouri St.

Heard a report from Consultant Lawrence Wise that the County Planning Commission had indicated it would be all right if the city rezoned land along Woodside Rd. so that it can be used for commercial purposes. City commissioners indicated they would proceed with plans for a new type of commercial zone along that road. The new zone would be for commercial houses willing to provide off street parking.

Heard a report by Britschgi that he thinks objections to rezoning a plot of land on Edgewood Rd. near El Camino Real would disappear if the land were zoned for duplexes and if the commission insisted on approving architectural plans for such a building. The land is owned by George Dunand.

Announce Plans To Construct Ice Skating Rink

Construction of a new $300,000 ice rink to be located at the northern city limits of San Carlos will be started soon, according to an announcement by William Gill, San Mateo High School teacher, who has been named president of the enterprise.

Gill said the new structure, to be known as Peninsula Iceland, is part of a community enterprise and will be open to the public. A skating rink of 85 by 185 feet will provide room for novice skaters, Gill said, and will make available a large center for figure skaters and for other indoor winter sports events.

In addition to the rink there will be a dining room overlooking the ice and a lobby and club room will be provided for the use of skating organizations and for parties.

Skaters will enter on a lower level onto the ice. A lobby adjoins the main floor.

Plans for the building itself call for a structure 250 by 110 feet situated on two and one-half acres of land between El Camino Real and the Southern Pacific right of way adjacent to San Carlos. The area is already zoned for amusement enterprises.

Gill, in making the announcement for the skating center, said, "We know there is a great and increasing interest in ice skating and a need for recreational facilities on the Peninsula. A large committee of representative citizens has organized Peninsula Iceland Inc. to provide these facilities for entertainment and recreation of both children and adults.

"Peninsula Iceland will cater to the general public and will be available for ice shows, carnivals, physical education classes, hockey and figure skating clubs."

Peterson Asks Fiesta Accounting

County Executive Frederick Peterson has asked the San Mateo County Grand Jury to launch an inquiry into why there is no public statement of the county fiesta's finances.

Peterson wrote to C. B. Weltner, foreman of the grand jury, that he has tried but has been unable to obtain a financial statement from fiesta officials.

"In my opinion the fiesta is strictly a county function supported by public funds and the taxpayers are therefore entitled to such a statement," Peterson stated. "It has occurred to me that a request from the grand jury might be instrumental in making the statement available."

The county executive enclosed three letters with his communication to the grand jury. One of them, dated Jan. 10, asked George Lagomarsino, then president of the Fair Assn., to supply the fiesta's financial statement so that Peterson could answer inquiries made to his office.

He received no answer from Lagomarsino, Peterson said, so on Feb. 8 he repeated the request, addressing it this time to Floyd B. Tower, the new president of the association. Tower, on Feb. 24, wrote that the financial statement, which is "more properly a trial balance," would be filed with the county clerk after the State Division of Fairs and Expositions had reconciled it with their accounting requirements.

Two Youths Held For Auto Theft

Two Redwood City youngsters, one 14 and the other 16, were arrested Monday on charges of automobile theft and robbery.

Police said they had been reported by their stepfather as missing yesterday. When they turned up last night their stepfather took them to police headquarters where questioning revealed that they had taken a car from the Bourquin Motors Co. lot, driven to San Francisco, burglarized a friend's house of $5 and returned. The car was picked up on Fuller St. near Jefferson Ave.

Belmont Boy Hurt, Mother Ticketed

A Belmont mother was cited by police for double parking Monday after her 6-year-old son ran out from the parked car into the path of an oncoming automobile.

The child, Steven E. Harwick, was treated for minor injuries at Community Hospital and released after he was struck by a car driven by Hazel Maude Frost, 57, Burlingame.

Officers said that Mrs. Phyllis Hardwick, 2701 Ralston Ave., had double parked on Sixth Ave. when her son got out of the car and ran into the path of the vehicle driven by Mrs. Frost. The accident occurred at 5 p.m.

Campership Program Set For This Year

Would you like to send a boy or girl to camp this Summer?

There are many boys and girls in this area who would like to go to camp and deserve to go, but because of financial reasons will not get to go—unless you help pay their way.

The Tribune and Redwood City Lions Club are sponsoring a campership fund to enable deserving boys and girls to enjoy the outdoor life.

Youngsters will go to the YMCA, Boy Scout and Girl Scout camps.

YMCA Camp Jones Gulch, for boys, is located 30 miles from Redwood City, near La Honda. On the same tract, the YMCA also operates Wasiata, a camp for girls, with its own facilities, activities and counselors. Last year the camp provided camping experiences for 1365 boys and girls from San Francisco, Marin and San Mateo Counties.

Many youths from the Sequoia Dist. participated and one period of 10 days was set aside when all boys and girls from the area could attend together, although it was not compulsory for local youths to attend only during that session.

Through the campership many youths of this area have been able to attend both boys' and girls' camps operated by the YMCA. Again this year portions or all of the $31.75 fee for the boys' camp for 10 days or $45 fee for the girls' camp for two weeks will be provided to as many boys and girls as possible.

The periods in Jones Gulch begin June 30 and extend until Aug. 23, while Wasiata operates over a shorter term, beginning on July 11 and extending to Aug. 23. The special period for Sequoia Dist. youths at the boys' camp is July 9-18, while the camp for girls from the Peninsula is from Aug. 8 to 22.

Also, this season the Sequoia Dist. YMCA will hold a short-term camp of seven days for boys from the San Carlos-Belmont area. Beginning June 30 and extending until July 6, this camp will cost $21 for the period. All camp fees include transportation and insurance costs.

YMCA membership is not a requirement to attend any of the camp periods. Kenneth T. Osman, executive secretary of the Sequoia YMCA, will be camp director during the two periods for Sequoia youths.

Anyone wishing to help a deserving boy or girl go to the YMCA camps, or to Girl Scout and Boy Scout camps,may do so by sending contributions to the Lions Club-Tribune Campership Fund., Tribune Bldg., Redwood City.

Center Plans Day Camp For Summer

Parents and boys and girls are awaiting the announcement of particulars concerning the opening of the Peninsula Jewish Community Center's Day Camp for the 1949 season.

Arrangements for the first season of camp are being speeded and interest in this major project of the newest Jewish Community Center on the West Coast is high, Dir. Irving Newman reports. The camp, as yet without a name, will offer six weeks of camp life.

One of the features of the camp is the use of the many facilities and natural resources of the scenic Peninsula, Newman said.

Parks, playgrounds and beaches will be utilized for the regular camp activities. Baseball, volleyball, swimming, nature lore, hiking, cook-outs, music, arts and crafts, tennis, parties and picnics are among the many program elements in which the children will participate.

The boys and girls, 6 to 14, will meet at the center building, 600 Arguello St., daily at 9:30 a.m. and will be transported by private bus to the camp ground for the day. Here, under guidance and supervision of carefully selected and qualified counselors camp life will be in full swing. The children will be returned to the center by 4:30 p.m.

The name and theme of camp will be determined by the children themselves after regular nominations, campaigning and voting. Since enrollment will be limited, parents are urged to complete registration at the earliest possible date.

For further information call the Peninsula Jewish Community Center at EMerson 6-1432, Monday through Friday from 2 p.m. to 5 p.m. or evenings Monday through Thursday.

Rattler Loses Fight to Death!

A Belmont rattlesnake came out second best yesterday when it came face to face with Police Sgt. James Lyall, one-time sparing partner of Heavyweight Champion Jack Dempsey.

Lyall got the drop on the snake and finished it off with two quick shots. The rattler had been sunning itself on the driveway of the home of Mrs. Lester L. Dix, 935 Holly St.

Police reported that the snake was about two and a half feet long and had six rattles.

Boy Scout News

A fine display of handicraft made by the Cubs of Pack 54, San Carlos, was one of the highlights of last Friday's monthly meeting. Den 4 showed many fine wishing wells, and a great variety of other handicraft, exhibiting lots of imagination, skill and hard work gave evidence of the work done in the other dens.

Cubmaster Ray Winther, assisted by Bill McAfee, performed the Bobcat ceremony for Walter Schubert and O. J. Wilkinson. The newcomers were received in Dens 1 and 3 respectively by the denners and assistant denners.

Forty-one out of an enrollment of 47 Cubs were present and 51 parents and 20 visitors brought the total attendance to 112. The parent attendance award was won by Den 1.

Cubmaster Winther announced that the final Court of Honor would be held on Tuesday, June 7, at a barbecue in Recreation Park.

Wolf badges were presented to Robert Pastorius and John Pindroh; wolf gold arrows to Garry Green and Carroll Smith; wolf silver bows to Carroll Smith, two to Donald Booher, four to John Updegraff and Kent Price.

Bear badges were presented to David Burnham and Bruce Bentley, the latter also receiving gold and three silver arrows; John Vella received his second silver arrow, Jody Kipp his third, and Vernon Brown his fifth and sixth.

Lion badges went to Gerry Allen, Robert Harris, Mickey Rockholt, Bill Schafer, Russ Veilleaux, Alexis Victors and Roy Magill; Mickey Rockholt and Bill Schafer each received two silver arrows; Robert Cohn, five; Bill Coy, 11, and Charles Updegraff six, which gives him a total of 10 in all.

One-year service stars were received by David Wessell and John Winther, second-year by John Bonsall and Jody Kipp. A lion book was presented to Russ Veilleaux, and denner stripes went to Donald Booher, Bob Hunt, Kent Rockholt, David Wessell and John Winther. Assistant denner stripes went to David Burnham, Ward McAfee and Carroll Smith.

Den Mother pins were presented to Mrs. Frank Piraino, Mrs. Milton Burnham, Mrs. Maywood Brockway, Mrs. Doris Smith, Mrs. Peter Victors and Mrs. C. Parlett.

★ ★ ★

Scoutmaster Les Mundell welcomed one new candidate to Troop 153 when the unit met for its weekly meeting last Wednesday night. One of the Eagle Scouts of the troop is working with a Cub Pack and the others have been assisting with other troops whenever their services were needed.

The scouts practiced scout drills in preparation for the Camp-O-Ree.

Scoutmaster G. K. Jones presented first class badges to Chris Greene, Bob Bell, Buddy Page, Gerry Roberts and Mike Risso at last week's meeting of Troop 154, San Carlos. Robert Weinkauf also was presented with his second class badge.

★ ★ ★

Dennis Reed of Troop 161, Belmont, is now a second class scout. Bruce Leonhardt and Michael Suggs are the newest Tenderfoot Scouts in the troop.

★ ★ ★

Twelve new members of Ship 145, Redwood City, spent last Saturday working on their ship, the Challenger.

★ ★ ★

Troop 143 of Redwood City camped in Native Son's Park on Kings Mountain a week ago. The scouts were accompanied over the weekend by Scoutmaster George Schiel, James Burgard and Leslie Herman.

Argo Addresses RC Kiwanis Club

Clarence Argo, former superintendent of the Sequoia High School Dist., spoke at the noon meeting of the Redwood City Kiwanis Club yesterday on "U.S. Responsibilities in Japan."

Argo said that this country had two main responsibilities which were (1) make Japan self-supporting, and (2) help develop democratic government in Japan.

He told of the 81,000,000 people crowded into an area the size of California and also that the yearly increase of 1½ million persons offset most economic gains that were being accomplished. Argo finished his talk with this advice: "We must continue to occupy Japan until we can establish a democratic government and school system."

Following his talk, Argo showed slides taken on his recent trip. He was introduced by Sequoia Supt. Clyde Ogden, program chairman. John Ball, presided.

Orville Chico Pratt, Charles Mitchell, and Otto Tallent, new members of the club, were officially inducted by William Martin in a ceremony preceding the program.

Census Officials Speed Up Work On RC Firms

With the tabulations of census figures on 150 Redwood City firms completed, census department officials today are rushing to close out census taking in San Mateo County.

By the end of this month agents of the department of commerce will contact retail stores, wholesalers and service establishments in an effort to create an overall sales index for various counties in the United States, according to Bernard Barrish, census enumerator in charge of this area.

Barrish said a recent letter from Washington, D. C., asked for a speed-up of the drive here in order to expedite census figures for the West Coast.

According to Barrish, the last census of retail business establishments in this area was taken in 1939.

The present census is being taken to obtain an accurate picture of the effects on markets and the changes in population and income which have occurred since the war.

Present census figures have revealed, so far, that there are more than 7000 business establishments in San Mateo County. Last year the estimate of business firms in the county was 5800.

The census enumerator emphasized that all information given to census takers is confidential. All census employes are sworn to secrecy and are subject to criminal action if they disclose any census information.

Council OKs Development Of Plans

Redwood City councilmen today had authorized the engineering firm of Frost and Brian to develop plans for an assessment district improvement project which would add a quarter of a square mile of useable commercial territory and an eighth of a square mile of industrial area to the city.

The project, if carried out, would provide for a more free circulation of traffic on Broadway.

City Engineer Glenn Jain said the project as it is now planned would include these features:

The widening and improving of Marshall and Ligouri Sts. between Jefferson Ave. and Chestnut St. to 80 feet, the extension of Ligouri between Maple St. and Redwood Creek where a bridge will be provided so that Ligouri can connect with Marshall.

The construction of sidewalks on Broadway between Chestnut and Spring Sts.

The improvement of Bay Rd. between Chestnut and Beech Sts.

The improvement of Beech between Spring and Ligouri.

The improvement of an alley south of Broadway between Chestnut and Cassia Sts.

The improvement of Cassia between Spring and Broadway.

The extension of Broadway between Chestnut and Redwood Industrial Tract No. 1.

And possibly the opening and improving of a new street which would connect Broadway to Ligouri between Chestnut and Beech.

Jain said that he would also consult with the Land Development Co. to see if that firm wanted to extend Broadway from the industrial tract to 2nd Ave. and to improve cross streets between Bayshore Hwy. and Bay Rd. The cost, he pointed out, would be borne by the firm which is expected to file a subdivision map and open up that area.

Jain already has a map showing the area that it is tentatively planned to assess for the costs of the project.

A line running around the area to be assessed would start at the eastern end of Redwood Industrial Tract No. 1 and run along the north side of Bay Rd. to Chestnut where it would jog along to Chestnut to Spring. Then it would go along Spring to Walnut and then go between Marshall and Broadway to Southern Pacific tracks.

From there it would go between Marshall and Bradford to Redwood Creek and along the creek to Bayshore Hwy. It would then follow the highway back to Redwood Industrial Tract No. 1.

The project grew out of an earlier project for the development of Broadway No. 3 tract. That project bogged down after land owners failed to put up the money they had promised for the work. It bogged down, however, after the city had already invested its money for the drafting of plans.

Since then the project has been enlarged and the city has decided to proceed with an assessment district to pay the costs.

Moose Leaders Honored by Lodge

New officers of the Redwood City Moose Lodge 1112, headed by Gov. Lewis C. Reed and Secy. Roland Van Dien, were honored by members of the lodge at this week's meeting during an installation of new members. M. W. Kehler, Carl Data, Wayne G. Davis, Harold Mohr, Gustav A. Becker and Flint A. Koch were introduced as new members of the lodge.

Charles Longworth, chairman of the entertainment committee, announced a social-dance will be held this Saturday at the Moose Club. Games will be played and refreshments will be served.
